# CRAZY FOR THE SX4?

Hardly surprising. The head-turning SX4 is a compact and economical car with the styling and capability of an SUV. So this all rounder has something for everyone. Although you'll certainly want it all to yourself.

Grab an SX4 and set off across town or country. Compact enough to squeeze through city lanes, it's also spacious enough to do it piled high with weekend luggage, kids or the odd pet. Perfect if you want to make a break for it.

There are plenty of features to make driving fun and safe. Like Intelligent All-wheel Drive\* (i-AWD) which gives the traction of 4-wheel drive when conditions are challenging, and the fuel economy of 2-wheel drive when they're not.

But the SX4 wouldn't be a true all rounder if it wasn't great around town as well. Which is why the economical diesel and petrol engines, together with the lightweight body, give it a deft performance and nimble handling.

**The more you get to know it, the more you have to have it.**

# IT'S RUDE TO STARE

*but who can blame you?*

# URNS HEADS

as much as it  
turns corners.

Get an eyeful of the SX4. Its outgoing, rugged SUV design pulls off usefulness and style in equal measure.

But while it makes a big impression, it actually has a compact frame that's great for manoeuvring through the urban landscape. Which also makes it lightweight enough to give cracking on-road performance and economy.

The high ground clearance makes getting in and out easy. But it also does its job to make sure you don't get caught out on uneven ground or in deep snow. So getting in and out of town is easy too.

You can be sure that wherever you're going, the SX4 has got it going on.

ACCESSORISE WITH REAR UPPER SPOILER

# ATTENTION TO DETAIL

that gets attention.

Get up close and personal with the SX4 and you'll see that there's more to it than meets the eye. But just because the parts are useful, it doesn't mean they can't look the part too.

So step up and notice the smooth, strong roof rails. Take in the front and rear skid plates and body side protection trims\*. Get to grips with the smooth body-coloured door handles and mirrors, styled to perfection.

You'll have no trouble being noticed with tough 16" alloy wheels\* and front foglamps\*, and no trouble hiding away either thanks to the rear privacy glass\*\*.

Whichever way you look at it, the SX4 has features that make sense and waken the senses.

\*SZ4 & SZ5 models only.  
\*\*SZ5 models only.

**GET INTO IT**  
*in a big way.*

# SITTING COMFORTABLY?

**Then we'll begin with the spacious interior.**

**As much as the SX4 is great for getting out into beautiful open spaces, it's got plenty of beautiful space of its own.**

Slide behind the wheel and what do you notice? Everything really, because the high seating position makes for great all-round visibility, giving you extra reassurance and safety while on the move and parking.

There's also enough leg, elbow and headroom for you and four fidgety travel companions. Not to mention loads of crafty storage space, like a useful valuables tray tucked under the front passenger seat.

You can fold the rear seats down if you need more room, and fill your boots with a whopping 625 litres of luggage space (270 with the seats up). Or get the best of both worlds and arrange them in a 60:40 folding split.

Rugged hatchback or a practical SUV? It's whatever you make of it.

# STYLE WITH SUBSTANCE

even the details have details.

Style isn't just about first impressions. It goes much further. Which is why the interior of the SX4 is stacked with features that make you want to reach out and grab them.

A nice touch – you don't need to touch your keys to be on your way. Keyless entry and engine start\* means that as long as you've got the key on you, you can get in and drive off without having to rummage through your pockets.

Feeling spoiled already? Then wait till you get a feel for the automatic air conditioning\* and cruise control\*\*, keeping you cool and collected as you coast along. You might even find it hard to prize your fingers away from the leather steering wheel\*. Luckily that's where the audio controls are mounted, so you won't have to.

There's so much to take in, you'll be itching to drive it away.

\*SZ4 & SZ5 models only.

\*\*SZ5 DDiS model only.

**TAKES THE ROUGH  
WITH THE SMOOTH**

# BRAINS AND BRAWN

the SX4 has got it all.

**You wouldn't think a car as practical and well equipped as the SX4 could put in such an impressive all-round performance. Not until you get behind the wheel, that is.**

Once you do, you'll quickly realise that the Intelligent All-wheel Drive (i-AWD)\* responds to the road conditions underneath you. With an automatic 4-wheel drive mode, you can go wild with the safety and traction benefits of 4-wheel drive but with the fuel efficiency of 2-wheel drive.

That's helped by the economical 1.6 litre petrol and 2.0 litre DDiS diesel engines plus manual or automatic† transmission options. So you can choose whatever gets you going. And it won't cost the earth to get out and see a bit of the world either, with up to 53.3 mpg combined fuel economy\*\*, and CO<sub>2</sub> emissions from 139g/km\*\*.

You don't have to be into the nuts and bolts of it all to appreciate the SX4 mile after mile.

\*SZ5 models only.

\*\*SZ5 DDiS model.

†1.6 SZ4 models only.

# EXTRAORDINARY SAFETY AS STANDARD

*so you can set off with confidence.*

**We've loaded the SX4 with safety features to keep you protected.**

You can shoot off knowing that, with the Anti-lock Braking System, Electronic Brake-force Distribution and Brake Assist, you can come to a stop in a fast, controlled way.

Feel safer all round with driver and front passenger airbags, as well as side airbags concealed in the front seats. There are even side curtain airbags to make sure all the angles are covered. And of course, your most precious cargo can be secured with ISOFIX childseat anchorages.

With so many safety features staring you in the face, you know Suzuki has got your back.

# EACH TO THEIR OWN

## Intelligent All-wheel Drive (i-AWD)

**Intelligent All-wheel Drive (i-AWD) is a selectable 3-mode 4x4 system that gives the traction of 4-wheel drive when conditions are challenging, and the fuel economy of 2-wheel drive when they're not.**

2WD mode powers the front two wheels and is for everyday driving conditions, giving the best fuel economy.

4WD Auto mode increases and decreases torque going to the rear wheels to provide better traction in slippery conditions when it is needed. Almost all of the engine torque goes to the front wheels during normal driving to maintain optimum fuel economy.

4WD Lock distributes torque evenly between front and rear wheels to help you get going in deep mud or snow. Once you're travelling above 37mph, the system automatically switches to 4WD Auto mode.

## 1909

### inspiration

**Suzuki founded:** Michio Suzuki founds the Suzuki loom works in the small Japanese village of Hamamatsu.

He creates a loom that is different from the rest. It's faster, more productive and easier for everyone to use. It came from a philosophy about a way of life that no one had considered before. Michio Suzuki believed in innovative technology for people.

## 1952

### original

**First motor vehicles:** Suzuki is now established as one of the world's leading manufacturers and Michio Suzuki turns to everyday life for inspiration.

He discovers the need for affordable and reliable transport. He develops an inventive two-wheeled bicycle powered by an engine, and works on innovative prototypes for a car that is compact as well as practical to drive. Transport now becomes Michio Suzuki's main focus.

## 1955

### ground breaking

**The Suzulight:** Following the success of Suzuki motorcycles, an even more successful automobile is launched.

The Suzulight breaks the mould with front wheel drive, four wheel independent suspension and rack and pinion steering.

## 1965

### new waters

**Suzuki outboard motors:**

Suzuki establish themselves in the outboard motor field by launching their D55 2-stroke outboard motor.

## 1983

### crowd favourite

**Swift debuts:** Premiering at the 1983 Tokyo Motor Show, the Swift starts life with many different names across the world.

Ranging from Geo Metro to Margalla. Originally classed as a supermini or supercompact, the success of the Swift has evolved into a hatchback, a sedan and even a convertible.

## 1988

### small and tough

**Grand Vitara debuts:**

Known under a variety of names worldwide, such as Suzuki Escudo, Sidekick, Geo Tracker and simply Vitara, the Grand Vitara bridges the gap between the small car and the traditional 4x4.

## 1990

### development

**Suzuki ventures into Europe:**

In a bid to continue with expansion and innovation the company begin to expand into Europe.

## 1970

### original

**Jimny 4x4 debuts & Kosai automobiles plant is born:** Bringing the first 'real' 4x4 into the market, Suzuki unveils the Jimny.

It allows more and more people to explore off-road, and the car soon becomes a keen favourite amongst drivers.

## 1979

### popular

**Alto debuts:** The first generation Alto breaks into the automobile market with a competitive price.

Its combination of compact design and value gains it much publicity with it regarded as a 'micro sensation.'

## 1980

### legendary

**GSX debuts:** Suzuki release the GSX-series.

An evolution of the GS, the GSX contains a powerful 4-valve engine, with the early four-cylinder engines being commonly regarded amongst the most reliable motorcycle engines ever mass-produced.

## 2002

### celebrity

**Suzuki Liana gains fame as Top Gear track car:**

The Top Gear test track hosts the Suzuki Liana as their reasonably priced car. Many celebrities grace the wheel including Michael Gambon, Michael McIntyre and Jimmy Carr with the fastest non-professional lap being won by Ellen McArthur, completing the lap in 1 minute 46.7 seconds.

## 2004

### sporty and stylish

**Swift compact unveiled:**

The second generation Swift makes its entrance at the Paris Motor Show. The Swift marks a significant departure from the 'Cultus-based' model and becomes much more sporty and stylish.

## 2005

### fun

**Swift is Car of the Year:**

The Swift is presented with a special achievement award as Japan's 'Most Fun car of the Year' in 2005.

## 2009

### centenary

**100 years of innovation:**

Suzuki reaches its centenary. Remembering its humble beginnings Suzuki commemorates its years of innovation and success.
